NATURAL GAS FOR BAY ST. LOUIS ENDORSED BY BAY CITY ROTARY CLUB

Club Meets With Consulting Engineer, City and County Officials and Other Business Men—All Favor Plan for Gas.

The Rotary Club, having endorsed the gas proposition, the subject was referred to its Civic committee that will, with further endorsement of business men and others, request the city to proceed and set the machinery in motion for the necessary things to be heard and done in order to procure the gas, to call an election, etc. It will be up to the City, Mayor Blaise, Commissioners, Bourgeois and Perkins have already given their endorsement of the project.

The Rotary Club sponsored a program in the interest of natural gas at the regular meeting Wednesday. Some city and county officials were guests of the club to hear a discussion of a plan for securing gas. The main speaker for the occasion was F. P. Joseph, consulting engineer of Glenora, La.

Mr. Joseph outlined his plan in detail, which in part was as follows: In seeking employment at the hands of the city government as engineer for the proposed gas project, he was not to receive pay for services rendered, unless project was authorized, contracted for, and completed. Then of course, he would receive the regular and customary compensation as a consulting engineer. The first step would be taken by securing a contract from the city on contingent basis. With this authority, facts and figures would be gathered pertaining to the local system and source of supply. The Southwestern Gas Company was recognized as the logical line for connection, which would be made across the Bay at Henderson Point, or north of Gulfport on the main line. When the point of connection could be decided upon, then a contract covering purchase of gas from the Southwestern Gas Company would be obtained. In the meantime a survey of the entire city would be made to determine the cost of breaking pavement, where necessary, and the installation of pipes and etc.

Now, with this information available, a complete picture of the situation would be ready for presentation to the city government. This would include the exact source of supply; entire cost of system; and cost of natural gas to the customers. It would then be necessary for the city to call an election to receive the approval of the voters on the amount of Public Utility Bonds required to cover the cost of the project. It was strongly emphasized that the bonds would be strictly revenue-producing bonds, and not backed by the faith and credit of the city. In other words, the security held by the bondholders would be the Gas System and the revenue realized from the sale of gas to customers.

It was further explained that a trustee bank would be designated by the city council. Each month all collections would be deposited with this bank, with a statement of the cost of operations for the month. Then a check would be issued to cover the cost of operations of the gas system. The plant would be municipally owned and operated. He brought out that past records had shown that the ratio of customer as to population for the first year would be 1 to 8, and thereafter 1 to 5. Therefore the estimated customer load for Bay St. Louis would be 800, this Mr. Joseph said, should show a profit of \$30.00 per customer, or a total annually of \$24,000. He added that the provisions of sale of bonds would govern the use of profits realized from operation.

Lucien M. Gex, city attorney, discussed briefly the legal phase of the proposal. He and Mr. Joseph answered many questions during the discussion. All guests present displayed keen interest, and when called upon for an expression, they were 100 per cent for natural gas. Guests present were as follows: G. Y. Blaise, mayor; L. M. Gex, city attorney; T. E. Kellar, supervisor; A. G. Favre, clerk of courts; Messrs. J. O. Maulfay and Walter J. Gex, Jr.

The movement is endorsed 100 per cent by the Rotary Club. In conclusion the Civic Work Committee of the club was requested to meet with the city council to formulate plans to proceed with the undertaking. The committee is composed of Rene de Montluzin, chairman, Geo. R. Bea and Robert L. Camors.

COUNTY AGENT TO LEAVE

John A. Bozeman Tenders Resignation to Take Charge of Other Interest in Tennessee.

County Agent John A. Bozeman, Hancock county, who will have completed four years' service here by next October, has notified the Board of Supervisors of his intention to resign from his present office, to take effect Tuesday, May 31.

His successor has not as yet been appointed, but he will appear before the Board of Supervisors on Thursday of this week when that body will convene after recessing for their May meeting and he will recommend someone to fill the vacancy. This appointment is to be made by the extension department of the State-federal department of agriculture, subject to confirmation by the Supervisors.

Mr. Bozeman will leave here to reside at Brownsville, Tenn., where he will take the active management of his sister-in-law's plantation, where general farm crops are cultivated and live stock raised. The plantation or farm consists of 130 acres, located two miles out from Brownsville and is noted for its diversification and success. It is owned by Mrs. Arthur Dulin, whose husband died about a month ago, and whose death leaves the place without an executive and trained manager. Mr. Dulin operated his farm while his wife taught school in town and the pursuit of which profession she plans to continue.

Mr. Bozeman's announced departure has caused general regret over Hancock county. He was successful in his work and the people not only profited largely by his guidance and activities, but they feel they will sustain a personal loss, having earned their confidence and friendship to that extent. He came from Gulfport, but originally from Prentiss, Jefferson county, Miss., his home. He will be followed by the best wishes of the many who came to know and esteem him, his little family as well. Mr. Bozeman expresses regret at leaving, but he says his sister-in-law, now widowed, needs such services as he is able to give for the successful conduct of her farm and feels it both as a duty and obligation to assist in time of sorrow and distress. His successor will be announced next week.

BAY CENTRAL SCHOOL HOLDS GRAMMAR COMMENCEMENT

Milton A. Phillips, Jr., Salutatorian — Miss Rita Cooney, Valedictorian.

The Grammar Grade Commencement exercises which were held at Bay St. Louis Central High School auditorium, Thursday, May 19, 1938, proved very successful.

Miss Rita Cooney delivered the address of her honored position of valedictorian which received many praises and was greatly applauded by the large crowd attending. Rita is the 13-year-old daughter of Mr. and Mrs. Frank Cooney of this city and is beloved by many friends and acquaintances here as well as abroad. She is a brilliant student and a loyal young lady from which she has established quite a name for herself. We hope she may have a bright future before her and promise that she will.

Milton Phillips, Jr., addressed the crowd as salutatorian and attracted quite a large number of praises which were the results of a brilliantly spoken address from a much-loved student.

Other spotlights of the program were: Class Will, given by C. C. McDonald, Jr.; Class Prophecy, given by Carrie Lynn Nolan.

Class History, given by Audrey Toca; Class Poem, given by Ruth Sanford. The professional and reception were played by Mary Kittrell and Caroline Griffith. The invocation by Mr. Allison and

PETITION BOARD OF SUPERVISORS TO CALL ELECTION.

Letter to Board, in Reply To Echo Editorial, Asking Special Election Be Called on Proposed Bond Issue.

The following communication addressed to the Board of Supervisors, dated May 20, has been filed with that body and is signed by Norton Haas and S. S. Moran. The letter is self-explanatory and needs no comment.

The Echo is not authorized to issue any statements for the Board of Supervisors, however, we feel certain, the request will be granted as it is nothing but a matter of course. The Board no doubt was of the opinion that since the original petition against the proposition of issuing \$75,000 bonds for road and seawall protection failed to carry sufficient number of qualified names there seemed no necessity of ordering an election.

The letter to the Board follows, in full:

Gentlemen: In "a front page editorial" of the Sea Coast Echo, it was stated that the undersigned felt an exception to a ruling of your Board, and we quote said Editorial as follows: "that the Board of Supervisors is tied up in the issuance of these bonds until the next term of the Circuit Court, which is September. In other words, under the law, the Board cannot proceed further with the issuance and sale of the bonds for this essential work until this Bill of Exceptions is disposed of by the Circuit Court." The Bill of Exceptions, as you well know, was filed to a ruling of your board as to the insufficiency of a petition requesting that an election be held to determine the will of the people as to the issuance of the \$75,000 of bonds, and the undersigned are advised that it is within your discretion to submit the proposition to the electors, and that an election could be called within thirty days, and the matter finally determined at that time.

If you will call an election to determine this matter, we will immediately withdraw the Bill of Exceptions. We assure you that we shall never hesitate to abide by the will of the majority.

The petition filed with you, and the appeal to the Circuit Court, is the only method of forcing an election, but we have made an appeal to you to voluntarily call an election, and we now again make the same appeal to you.

We trust that you shall accord this request with favorable and immediate action.

DELEGATES ATTEND K. C. MEETING

At Natchez — Arthur A. Scafide Elected State Treasurer — To Pascagoula 1939.

Delegates from Bay St. Louis Arthur A. Scafide and E. J. Arceneaux, to the 34th annual convention of the State council of the Knights of Columbus, representing Pere LeDuc Council, returned home from Natchez Monday, highly gratified at the success of the convention held in the Bluff City on the Mississippi.

Arthur A. Scafide was elected State treasurer, and E. J. Arceneaux, delegate was appointed on important committee.

The convention came to a close Monday noon when Pascagoula was selected as the next place of meeting for '39. Resolutions opposing the sale and distribution of obscene magazines and newspapers were adopted and "Catholic Action of the South," published in New Orleans, was selected as official organ of order.

Alonso O'Neill of Vicksburg was re-elected state deputy; August Stone of Natchez, state secretary; Rudolph Adams, Vicksburg, state advocate; S. J. Savarase, Pascagoula, state warden; Most Reverend Richard O. Gerow, D. D., of Natchez, was re-elected state chaplain; J. S. Cabibi, first alternate delegate to supreme national convention, and A. A. Scafide, alternate delegate to State convention.

Both Messrs. Scafide and Arceneaux were highly elated not only over the success of the convention but were loud in their praise of the hospitality of the people of Natchez and of their visit to many places of interest in and around the city.

The speaker of the program Dr. J. A. Evans were greatly appreciated. A dance followed with refreshments enjoyed. We trust that this class will be one of credit to Bay High.

STUDENT HURT IN AUTO HIT

John Domingue, 16, Pass Christian Resident, Victim of Hit and Run Driver.

John Domingue, 16-year-old son of Mr. and Mrs. John Domingue, residents of Pass Christian, was seriously injured Sunday night in an automobile collision when the car in which he was traveling was reported to have been sideswiped by a hit and run driver.

He was taken to the King's Daughters Hospital at Gulfport where his injuries were pronounced of a critical nature. Domingue was a sophomore at St. Stanislaus college and was home for the week-end. His father is well known here, formerly resident manager for the Viator Store.

Mr. and Mrs. George Peranich, who reside in Bay St. Louis, were returning home from visiting relatives at DeLisle, and noticing a young man standing in the middle of the road, despite his injuries and heavy loss of blood, they halted. Picking him up and wrapping his body in coats, they proceeded in all haste to Gulfport where he was taken to the hospital.

The young man was in a painful plight, with bones of the arm protruding through the flesh. He was conscious and able to talk. A number of cars he said, passed him up, not knowing in the dark of the night, he was victim of an accident.

From the sheriff's office in Bay St. Louis we learn that officers Joe Wittman, Harrison county road trooper, and Herman Finhold, constable of Beat 3, assisted by Hancock county officers arrested a negro at Fenton Monday night, who it was said admitted that he was the driver of the truck that struck the car in which Domingue was riding and he is in the county jail at Gulfport, pending further investigation. The colored man, giving the name of Frank Lewis and his age as 28 years, claims officers stated that he did not stop after striking the Domingue car because he "was scared."

Lewis was questioned by County Attorney Gaston Hewes of Harrison county and admitted that he was the driver of the car that struck the machine in which the Domingue youth was riding.

Charges of reckless driving and leaving the scene of an accident, have been filed against Lewis, the county prosecutor said.

As a student in Bay St. Louis, Domingue was well known locally and popular with the college and younger set.

Youth Dies
Domingue died at Gulfport Hospital Tuesday evening. Remains were conveyed to his home Second Street, Pass Christian and funeral held 8 o'clock Thursday morning, interment at Biloxi. The Sophomore class St. Stanislaus College sent a beautiful floral design, appropriately inscribed.

Domingue was injured while returning from a dance at DeLisle, at a point between the Adam bridge over Wolf river and bridge over Bayou Portage.

84TH ANNUAL COMMENCEMENT SAINT STANISLAUS

"CAMP STANISLAUS" TO OPEN JUNE 19; TO CONTINUE JULY 28.

Seaside Vacation Offered Tired Students, Under Experienced Supervision.

"Camp Stanislaus," at Bay St. Louis, will open this year for the reception of boys June 19 and continue thru to July 28, six weeks of delightful vacation with course of study to suit.

"Your boy needs this time to play and grow strong," says the prospectus. "After a strenuous school term, your boy needs the sunshine, the salt sea air, the hikes through the pine woods that he will find at Camp Stanislaus. His appetite will be on edge for the wholesome food, the rich milk from the college dairy. He will return to you pounds heavier, inches taller, glowing with the health that only an outdoor life can give."

A seaside vacation, under experienced supervision means boys are housed in school dormitories—spacious buildings with all modern conveniences. Athletic field, gym, library, billiard room, swimming, boating. Competitive activities with season-end awards rates, 6 weeks, \$75.00; 2 weeks, \$30.00. Address Brother William, President St. Stanislaus College.

Only a few years in operation, Camp Stanislaus has become tremendously popular. Located on the seacoast, not far from the center of large population, and reasonable price, and offering unrivaled advantages and in charge of competent forces especially trained for rearing boys, it is not surprising the camp not only met with instant success but its popularity has increased each succeeding year.

LOGTOWN HOME CLUB ORGANIZED

Mrs. Ruby Bennett, President—Times and Meeting Places For Next Week.

The home demonstration club of Logtown met Tuesday, May 24, in the home of Mrs. Roy Baxter with 20 ladies present. All of these ladies were taken in as Charter members. Officers were selected as follows: Mrs. Ruby Bennett, president; Mrs. E. E. Price, vice-president, and Miss Caro Weston, secretary and treasurer. After the president appointed her various committees and all business was attended to, the club adjourned to meet, with Mrs. J. D. Jones on June 28th.

Miss Peters announces the dates and meeting places of the other club meetings throughout the county.

May 30, Kiln, lunch room, 3:00 o'clock.
May 31, Dedaux School Auditorium, 3:00 o'clock.

June 1, Sellers, Mrs. Florence Sauter, 3:00 o'clock.

June 7, Lettown Park, 3:00 o'clock.

Miss Jewel Garland, organization specialist, from State College is to be in the county June 6th and 7th, to work with Miss Peters in organizing her clubs and to meet with the various program planning committees and assist them in getting their programs set up for the remainder of the season.

Miss Peters announces again the work is off with a good start and she hopes to keep it going with your help.

Interesting Program At City Hall Park Thursday Evening.

Miss Louise Armstrong, federal recreational worker, in charge of local WPA playgrounds announces an interesting program for Thursday evening of this week, formally marking opening of recreational center at City Hall Park.

St. Stanislaus College Band will discourse music throughout the evening, interspersing the program numbers, a contribution to the community and as a gesture of endorsement of the project.

Main features of the evening will be presentation of May queen and king, Lilliputian wedding, flag drill by scouts, May Pole dance and solo number.

While the grounds will be open to the public earlier the program will begin promptly at 7:30 o'clock. This May festival will not only mark the opening of this project as ready for the public, but proceeds from sale of refreshment will be appropriated to a fund for the purchase of extra paraphernalia.

FIVE HURT IN AUTO WRECK

On O. S. T. Sunday Afternoon, 13 Miles West of Bay St. Louis—Treated at Hospital.

An automobile en route from New Orleans Sunday afternoon to the Gulf Coast, while traveling at a moderate speed it was reported, was sideswiped by a hit and run driver of a truck at a point 13 miles west from Bay St. Louis on the Old Spanish Trail.

The car was severely hit, as damage indicated, and turned over with its five occupants who were severely and painfully injured. They were:

Mr. and Mrs. Raymond Gurchaud, Ponce de Leon Street, New Orleans, both employed at the New Orleans postoffice. Mrs. Gurchaud received a lacerated nose and injured neck and body bruises.

Mr. Gurchaud, cut on head, cuts on left hand and right arm.

Miss Marie Gonzales, Marais St., factured left arm.

Mr. L. J. Kellar, Marais street, large lacerations about head and face and right leg seriously injured. Employed by optical company.

Mr. Joseph Gonzales, D'Abadie street, lacerated scalp and several ribs broken.

Both Mr. Kellar and Mr. Gonzales were taken to New Orleans later that evening at 7:30 in the Fahy ambulance.

Miss Gonzales and Mr. Joseph Gonzales are brother and sister. Mr. Kellar and Mrs. Gurchaud are brother and sister.

A young man, from Mattiesburg, driving by was the first to meet the victims and carried them to the Bay St. Louis hospital.

The damaged car, Chevrolet sedan, was towed in by the wrecker of the P. E. Porter Garage of Bay St. Louis, badly damaged with the glass of all windows shattered and the interior, rear, blood-soaked.

The five were all sent back to New Orleans that night. Dr. Smith and Dr. Wolf were the attending physicians.

LOCAL HOSPITAL INTERIOR SHOWS SPRING RENOVATION

Painters' Brush Plays Important Part—New Floor Coverings.

Bay St. Louis King's Daughters hospital has undergone a thorough Spring renovation and its inviting exterior presents a most pleasing aspect, somewhat more than usually for the reason floors and baseboards have been painted anew and for the cool and sanitary linoleum floor squares have replaced former coverings.

As one enters the gaze meets a new and soft red floor square, and the various rooms have been similarly equipped but with color more neutral in shades. New summer curtains make the rooms look cooler and more cheerful and the painters' brush has renovated and brightened the place throughout and to advantage. This work has been carried out at minimum expense, the hospital help and force each giving a hand and doing their bit in lull times.

All floor, wall and window coverings were purchased from Bay St. Louis merchants and material used as well—no money sent out of town.

Mrs. C. E. Craft is the competent superintendent of the hospital and her management and professional work speaks for itself. Mrs. A. F. Fournier, the guiding spirit of the organization and hospital, is the well-known president.

Judge Russell To Hear Petition Of Bond Contestants.

Chancellor D. M. Russell, announces he will be in Bay St. Louis Friday (today) to hear a petition contesting the validation of \$45,000 proposed for issuance by the Board of Supervisors, Hancock county, to pay allegedly "past due obligations of the county. It is contended by the protesting tax-payers that a supreme court decision in a similar case going up from Hancock county precludes the issuance of the bonds in question.

The Sea Coast Echo has received the following communication, with the request it be published on the front page of this newspaper, in reply to the front page editorial appearing in our last issue.

The Echo is ever a champion of fair play, and believing that the newspaper belongs to the community and that it is to be used as a medium for intelligent and respectful discussions, we gladly give room to the following communication, viz:

Dear Mr. Moreau, editor:—Inasmuch as you mentioned our names in your front page editorial, and by your expressions, have invited a friendly discussion of the question, calling an election in the issuance of \$75,000 of Bonds of Hancock County, we, the undersigned, submit herewith a statement, requesting that you publish same on the front page of your next issue.

First: We take a firm stand on the proposition that no bond issue should be floated without permitting the people to vote on it.

Second: We are informed and believe, that the Board of Supervisors could immediately call an election and put the question of the issuance of the bonds to a vote of the people, if they so desire.

Third: The Board of Supervisors are not required to permit the people to vote on the floating of this \$75,000 of bonds, but refused, because they say that under the law they are not required to permit the people to vote on this question unless twenty-five per cent of the qualified electors petition for an election within fifteen days after the publication of their notice.

Fourth: The Bill of Exceptions filed does not prevent the Board of Supervisors from calling an election, and permitting the electors to determine the question for themselves immediately and without the necessity of prolonged litigation.

Fifth: We cannot very well conceive why the Board of Supervisors should be so anxious to float \$75,000 of bonds without an election, and in this finding we have very many proponents.

Sixth: The only question before the board at this time is whether the Board should call an election to decide the issuance of \$75,000 of bonds or not, but we stand pat on the proposition that they should let the electors decide the issue which they are definitely trying to avoid.

Seventh: The methods you brought out are strictly ways of "forcing" the Board of Supervisors to call an election. In this land of "Popular Government" we hasten to ask: "Is it necessary to FORCE representatives of the people to submit a proposal to the citizenship for approval or disapproval?"

Eighth: You seemed to be alarmed by the announcement of a delay in the matter until Circuit Court in September. This delay is the responsibility of the Board of Supervisors, as you will note from a copy of a communication addressed to the Honorable Board, and enclosed herewith. In order to further clarify the situation we ask that you publish this communication also.

Ninth: In conclusion, we assure you that we have endeavored to appeal to the Board in a common cause; in the interest of the voice of the people, emphasizing the continued need of a government "of the people, for the people, and by the people."

Since our position in this matter has been explained, we sincerely hope that we will be able to enlist your support and co-operation in this appeal for an election.

Yours truly,
NORTON HAAS
S. S. MORAN.

A CHILD'S EARNINGS.

THE lawsuit of Jackie Coogan against his mother and his step-father, seeking an accounting of the \$4,000,000 he claims to have earned as a child movie-star, will serve to focus public attention upon what seems to be a legal principle that is out-of-date.

While the boy's earnings are set at only \$1-500,000 by his mother, in her answer to the suit, the parent goes on to assert that young Mr. Coogan has no legal claim to the money because it is legally and rightfully his mother's.

While the money earned by a minor child may, legally, belong to his or her parents, there is considerable doubt if parents can "rightfully" keep as their own an immense sum earned by a child. Probably, Mr. Coogan's chance to get some of the money he earned depends upon proving the establishment of a trust by his parents. Regardless of the outcome of his lawsuit, however, the general public will incline to the opinion that the young actor is entitled, as a matter of right, to a substantial portion of the fortune that he earned as a child on the screen.

Of course, this question comes up in very few families. Usually, the small amount of money earned by a minor child is not more than sufficient to pay a portion of his or her expenses.

Occasionally, some spectacular child manages to earn a large amount of money. Naturally, out of such earnings there should be deducted a reasonable amount for the expenses of the child and an equitable allowance for any additional expenses entailed on the family by reason of the child's career. Afterwards, in most cases, the matter can be disposed of through the respect and relationship of parent and child.

Rarely is it necessary to resort to court. If such a step becomes necessary, however, the minor should not go to court with the law stacked against his claims. If necessary, the law should be amended.

AIR MAIL GROWTH.

THE air mail has made considerable progress since that day in May, 1918, when two planes set forth simultaneously from New York and Washington, flying the first mail between two American cities. On that route, short as it was, the mail was carried in relays, with the planes being changed at Philadelphia.

Beginning with the four planes that operated the first 218-mile route, there are now more than 400 airplanes used in flying the mails over 63,000 scheduled miles. Last year, airmail pilots covered more than seventy million miles. From that use of open-cockpit war-time planes, the airmail has grown to all-metal planes, sometimes with a crew of four, carrying out their duties in large, multicabined airplanes.

Last week thousands of towns and cities in the United States celebrated the twentieth anniversary of airmail service. In many instances the use of the airmail saves much time. The greatest value, is to the larger cities on the direct airmail routes.

For the smaller towns and cities which have to dispatch mail by train to catch airplanes at other points, the use of the airmail saves time only on long distances. This will be remedied in time. Just as the rural mail service made a small beginning and gradually spread out to cover almost the entire country, the airmail will expand and, eventually, carry most of the first-class mail in the country.

Summertime means more driving on the highways. Let's not forget to drive carefully and sanely all the time.

JOBS FOR GRADUATES.

FRED SULLENS of the Jackson News says being a graduate is a mighty serious matter.

There are many applications but the jobs are scarce. Many are called, is the graduates' slant, but the mere fact is few are chosen.

The News says lots are expected of our new crop of college graduates. They have many tasks ahead.

Among the larger jobs are:
Stop the spending spree.
Balance the budget.

Reorganize all branches of government.
Remove the ever increasing tax burden.
Restore the public morale.

Prevent war in Europe.

Destroy Nazism, Fascism, Sovietism, Communism, and all the other isms in the ambient air.

Fumigate the world, destroy gambling, drunkenness, lust, murder, thievery and all other forms of sin.

A rather large job.

Perhaps the average college graduate will be satisfied with merely finding a job for himself and let the world at large solve all other problems.

The Mississippi Association of Chancery Clerks will meet in West Point, June 2nd and 3rd.

FOR NATURAL GAS.

THAT was an important meeting and a distinguished gathering at the Bay St. Louis Rotary Club meeting Wednesday noon when the subject discussed was natural gas for this city and vicinity.

There were present representatives of the county and city, Supervisor Kellar for the county and Mayor Blaize for the city as well as City Attorney L. M. Gex for the municipality.

Principal speaker was F. P. Joseph who placed the proposition before the gathering of business men and county and city officials. He presented the matter in plain language and in such manner as to have omitted nothing.

The Rotary Club endorsed the proposition and asked that it be put up to the city, requesting that it take the regular channel of procedure as outlined by law.

It was plainly evident, after explained, that the city has all to gain and nothing to lose; that this seems the one and only opportunity to ever secure natural gas for this territory.

By request of the Rotary Club and other citizens present the city was requested by resolution to put the matter to the vote that it must and the city pledged fullest support—in carrying the election and to sustain the measure and to patronize the enterprise.

The city, Mayor and Commissioners favor natural gas for the city, and now that they have been requested to foster the proposition and to put it through they have nothing else to do but to bow to the public wish. Public spirited, they are willing.

CAN THE GOVERNMENT SUPPORT THE PEOPLE?

STRAWBERRY growers down in Louisiana are asking the government to guarantee them a price of \$1.00 a crate for their crops, which prompts Editor Hodding Carter, of the Greenville Delta Star, a native of the State, to remark:

If any more evidence is needed to show the trend of American thought, this is as damning as any. Government dollars to pay off strawberry farmers; government money for cotton, for corn, for wheat, for tobacco, for relief for public and private buildings, for subsidizing every organized pressure group which can produce enough noise and enough votes. Give, give, give, shout farmers and merchants and young and old, and sick and hopeless and the permanent and temporarily misfit. The United States is trying to fit socialism to the extravagant pattern of democracy, and is bankrupting itself financially and spiritually in the process.

Someday, perhaps, we will get back to the theory that it is the duty and obligation of the people to support the government, and not the duty and obligation of the government to support the people.

And it is our candid conviction, Hodding, that we are not going to have sustained prosperity until we arrive at this conclusion, quit looking to the government for relief, and realize that prices and wages and such things are fixed by the immutable law of supply and demand—West Point Leader.

CLAYTON RAND AND THE HOME TOWN PAPER.

CLAYTON RAND says: "The Archbold (Ohio) Buckeye pours forth some good philosophy on the field and purpose of the home town newspaper, claiming that it does not compete with the city daily. 'The city paper could not handle the local news at a profit, and the country paper cannot carry the kind of news the city daily uses—The daily lasts the family 24 hours. The weekly must furnish reading matter for the week.' In its usefulness to the commercial, civic and social life of the country, nothing will ever take the place of a local weekly, dedicated to the development of the community."

All of which is quite true. Nor could any editor of a big daily newspaper ever feel the deep and tender interest in the joys and heartaches of the town's citizenry that is felt and exhibited by the average editor of the weekly. In small places people rub shoulders in more genial and heartfelt fashion and when a marriage, birth, sickness or death occurs, a personal and loving interest is felt by the editor.

BILLIONS AND THEN WHAT?

(By Clayton Rand)

Three billion dollars for lending and spending and to provide a political slush fund has been appropriated by Congress.

They can call it "priming the pump," but three billion looks more like blowing up the dam and opening up the flood gates.

When it is all spent we shall find ourselves just exactly where we were after our last spending spree was over—with billions more of debts for our children to pay and an economic headache.

There is enough money, man-power, common sense and salesmanship left in the country to produce prosperity. If government would get back to normal rations and give the people a chance to do the job.

We have hard times when the credit of men becomes impaired, but when the government's credit goes on the bum we have catastrophe.

RURAL ELECTRIFICATION FOR HARRISON COUNTY.

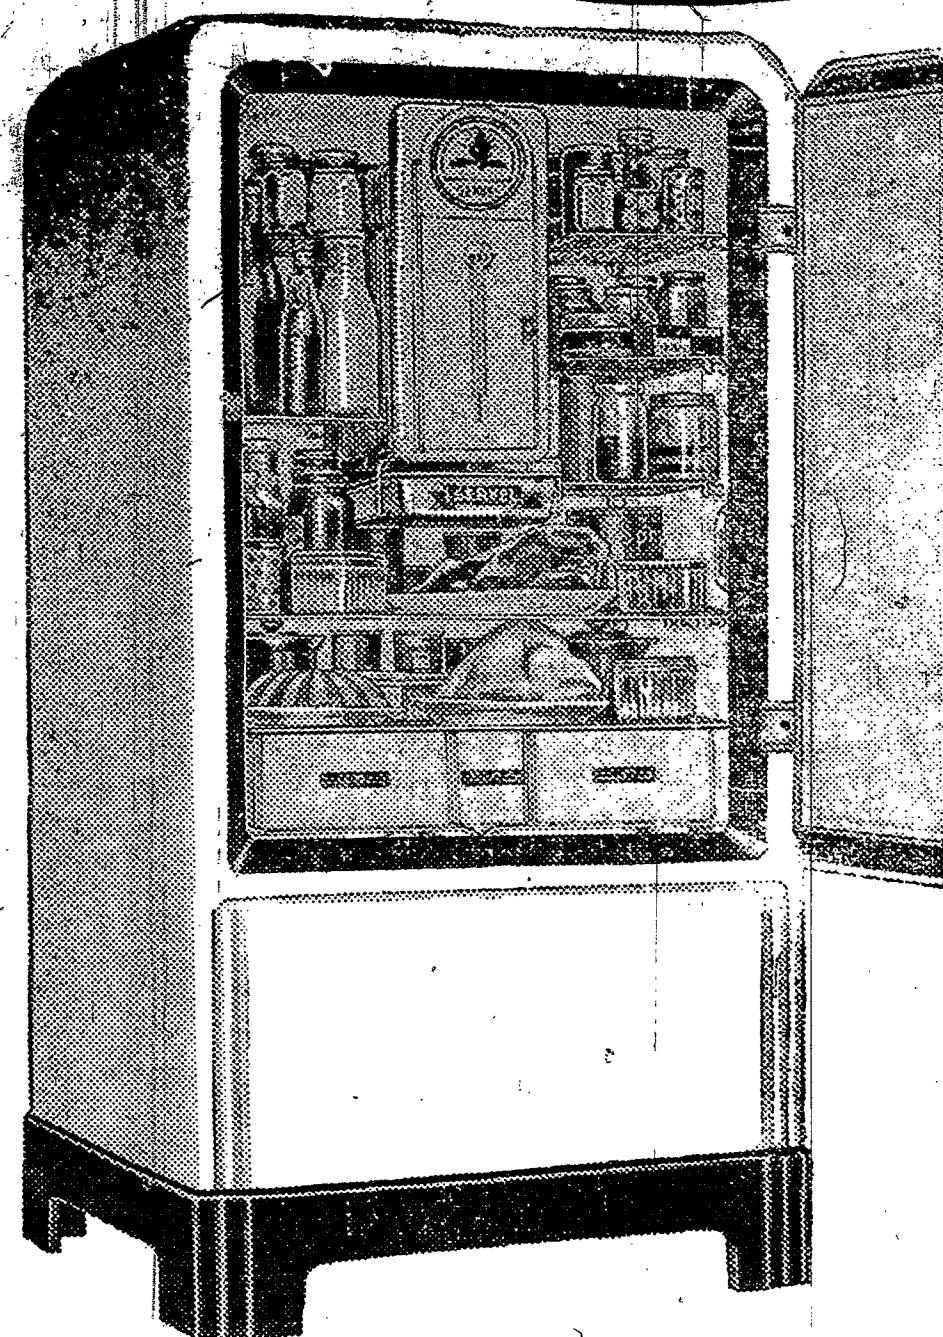

LIKE Hancock county, Harrison county, too, is to have its rural electrification.

At a meeting of the Board of Supervisors of that county last week and expenditure of \$600 was authorized incident to securing right of way and obtaining customer membership applications in connection with the proposed Harrison County rural electrification project.

The money appropriated is to be refunded to county when the federal government allocates funds for the electrification project. An office has been set up by the Gulf Coast Rural Electric Power Association at the courthouse in Gulfport.

Congratulations to Harrison county.

DADDY SAYS
JUST HAVE PLENTY
ICE CREAM IN THE
'LECTROLUX.

Ice Cream Every Day—
While it Pays for Itself!

Why not buy the refrigerator that makes you money—instead of one which costs you money? Servel Electrolux, the gas (or kerosene) refrigerator, pays for itself. Then pays you a profit, year after year. Too good to be true? Hundreds and hundreds of Louisiana owners will tell you it is true. They say:

"Can't notice the gas it uses. Saves several dollars per month we used to spend for ice."

"Savings of leftovers alone is 10% to 15% of our grocery bill; often more. (How much is 10% of yours?)"

"Week-end specials save us several dollars a month. Everything keeps perfectly in our Servel Electrolux."

"No costly repairs! That's why we like our Servel Electrolux so much more than the other make we traded in."

There is a reason for all this. Servel Electrolux is different from all others—it has no moving parts in its freezing system. A tiny gas flame takes the place of all machinery. Makes ice, ice-cream; keeps foods safe. It pays for itself in what it saves. Then keeps right on saving. A very small down payment puts it in your home. Why not NOW?

SERVEL
ELECTROLUX
THE GAS REFRIGERATOR
(OR KEROSENE)

Operates on KEROSENE (COAL OIL)
BOTTLED GAS . . . BUTANE . . . AS WELL
AS NATURAL GAS

"Before we bought our Servel Electrolux three years ago, another type of automatic refrigerator was costing us \$5 to \$6 monthly to operate. We replaced it with a Servel Electrolux and found our operating cost for the Servel Electrolux, 6 cubic foot size, to average 80¢ per month. The savings—\$5.20 per month, have paid for our Servel Electrolux." A. A. HORN, 1668 Gentilly Ave., New Orleans, La.

"More Than Pays for Itself"

—Gives Figures to Prove It

Here are the exact figures given by Mrs. Seraphine Scaglione, 3707 Saratoga St., New Orleans, to prove that her Servel Electrolux is more than paying for itself:

Ice Bill, formerly, per month . . . \$4.00
Cost to operate Servel Electrolux . . . 1.25

Net saving in operating cost . . . \$2.75

Savings by buying in quantity, by having "specials," which would not keep before . . . 4.00

Savings of leftovers, formerly thrown out . . . 2.50

TOTAL MONTHLY SAVINGS . . . \$9.25

"We have a family of five," said Mrs. Scaglione, and besides keeping food perfectly, our Servel Electrolux (6 cubic foot size) gives us plenty of ice, and we have ice cream often. I don't see how we ever did without it. It is actually making us money."

"Plenty of Ice Cream, Frozen Desserts"

"I have owned my Servel Electrolux 2½ years—not a day's trouble. I make ice cream, puddings and other dainty desserts often; no trouble at all. Can hardly notice the difference in our gas bill, it costs so little to operate." Miss E. ENERT, 1419 Desire St., New Orleans, Louisiana.

WHAT THE PRESS IS SAYING OF MEN AND MATTERS IN EDITORIAL EXPRESSION

NO FACTION IN MISSISSIPPI NOW.

(West Point Leader)

DISCUSSING the various candidates who have been suggested for Governor next year, and the probable realignments of Mississippi political "factions" the Jackson News says:

Some of the political alliances now being proposed in Mississippi are most peculiar. They may not take place, of course, for some of them seem impossible. Nevertheless they are being considered.

When politicians pretend to hate they should never be taken too seriously. Next year they may be wallowing around in the same political bed, with their arms lovingly around each other.

The truth of the matter is that political "factions" as we once knew them in Mississippi, have been literally smashed to pieces.

Governor White, who had the support of Senator Bilbo in his last campaign, and who was triumphantly elected despite that serious handicap, has turned against the Junior Senator.

And Paul Johnson, runner up for Governor, who has always fought Bilbo, now claims enthusiastic support of that elusive individual.

But this isn't all.

Former Governor Mike Conner, who had the support of the aforesaid mentioned Bilbo in his disastrous campaign for Senator against Pat Harrison, is said to be literally itching to get into the race for Governor next year. Tom Bailey is said to be a probable candidate for the same office, and that lovable gentleman and scholarly newspaper man, Lieutenant Governor Billy Snider is said to have aspirations for the place.

Since she has been in the movies Deanna Durbin has earned \$165,000. This fact was brought out when Rita Stanwood won her suit which gave her one-fourth of the ten per cent commissions for bringing the young actress to the agents.

WORK AND PLAY.

(Picayune Item)

CLAYTON RAND'S "Cross-roads Scribe" column reveals the startling information that he (Clayton) has been solicited for the third time to run for Congress. He says he has the matter under prayerful consideration, which reminds us of the preacher (Baptist preacher now) who was offered a church that would pay him considerably more money than the one he was serving. He announced the call at a Sunday evening service and also his intention to reject the offer until he had prayed over the matter and felt led by the Lord to make the change.

Next morning a committee from the congregation called at the parsonage to prevail upon the pastor to stay put. Arriving at the pastor's home the spokesman said, "Hello, sonny, where is your daddy?" "Down in the garden," "What is he doing?" "Praying over that matter." "Well, where is your mother?" "In the house." "And may we ask what she might be doing?" "Oh, she is packing up."

Well, they knew the answer to that prayer, as well as we know the prayerful decision Clayton will reach in his wrestle with the question to run for Congress. And, Clayton would be no small fry even in Congress. He goes anywhere; speaks on any subject and could campaign like nobody's business. He can, even while not a candidate, be a captivating manner no one ever suspects ulterior motives.

So delighted was Selsznick over the screen tests taken of "Maude Adams," that he has decided not to use her in "The Young in Heart" but to put her in a picture which will center entirely around the famous actress.

Gene Reynolds, the boy in "Of Human Hearts," will portray Robert Taylor as a boy in "Give and Take."

INTERESTING NEWS ITEMS OF THE MOVIES AND FILM FOLK IN HOLLYWOOD

EDWARD G. ROBINSON has been assigned to the leading role of "Earl of Chicago," in which he plays the part of an American gangster in London.

The American premiere of "Moonlight Sonata," in which Paderewski plays compositions by Franz Liszt, Chopin, Beethoven, and his own "Minuet in G Minor," took place on May 9th in New York. The picture was made in London and one of the featured players in the cast was Charles Farrell.

Donald McBride, who played the part of the hotel manager on the stage in "Room Service," is in Hollywood and will have the same role in the screen version with the Marx Brothers.

C. V. France, who was the absent-minded dean in "A Yank at Oxford," will have the part of Father Villon in "If I Were King."

Joel McCrea and Andrea Leeds will have the leading parts in "Youth Takes a Fling."

Madeline Carroll sailed last week on the Normandie for a vacation.

Katherine Hepburn and her studio have agreed to a cancellation of the star's contract. It is understood that the studio paid Miss Hepburn for the cancellation. She and the studio have had many differences over story material in the past.

W. C. Field's pictures, "Mr. Bumpers Goes to London," has been moved from the Paramount schedule. Mr. Fields wrote much of the story and would not agree to changes the studio wished to make.

Jackie Cooper will play the romantic lead opposite Deanna Durbin in "That Certain Age."

Claire Trevor has left 20th Century-Fox and has gone over to Warners. Her first starring picture will be "Valley of the Giants."

Carole Lombard has gained seven pounds. Dick Powell, who has also been idle, is picking up weight.

Bette Davis and Dick Powell have given up and have informed their

studio that they will appear in any story the studio may choose.

Mary Carlisle wears zipper stockings. When closed the zipper looks like a fine seam.

Carole Lombard has her cocktail napkins embroidered with "You Can't Take it With You."

Beatrice Lillie's specialists in "Doctor Rhythm" made such a hit that her studio was dismayed the morning after its premiere to find that they had neglected to place Miss Lillie under contract. Her agents' asking price doubled overnight.

FOUR STAFF MEMBERS INITIATED INTO QUILL AND SCROLL, MAY 17TH

Awards Made to Bay High School Students for Year 1938 — Mrs. C. C. McDonald Addresses Students.

Two seniors, James H. Arnold, Alvin Le Breton and two Juniors, David McDonald and Donald Nelson having satisfactorily met the requirements for membership were initiated into Quill and Scroll on Wednesday, May 17.

The initiation ceremony, held in the auditorium at 6:30 o'clock was presided over by Mildred Cagle, president of Bay Chapter and further conducted with the aid of Quill and Scroll members.

Mrs. C. C. McDonald, prominent local speaker, addressed the Chapter on the "Benefits of Newspaper work in high school."

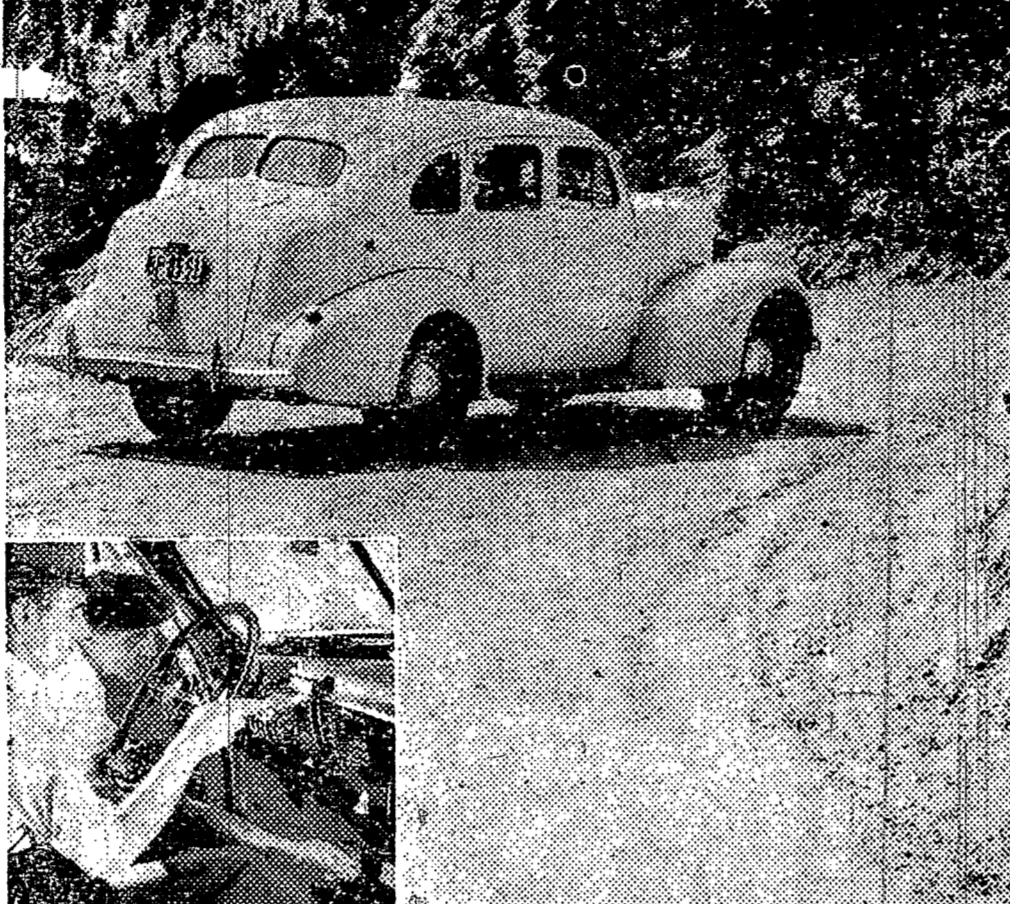

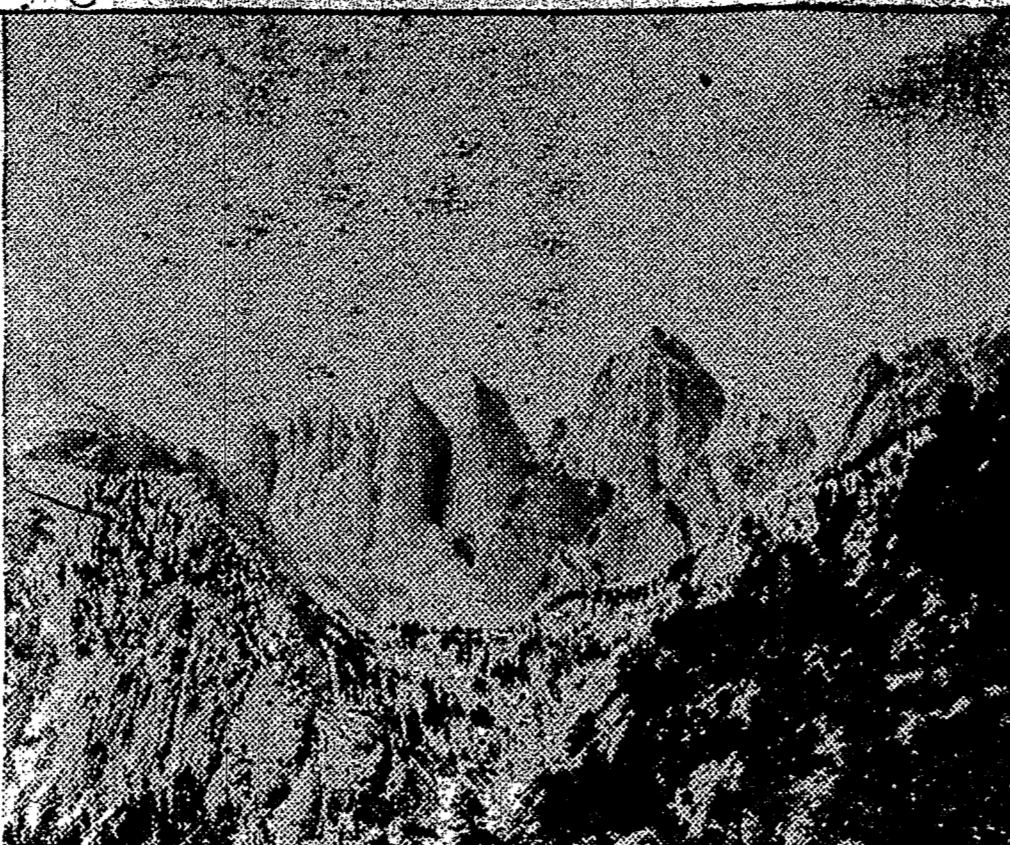

After the services Miss Givens presented members of the Student Prints staff with the yearly awards. These consisted of certificates of awards to first-year members, bronze medals to second and third-year staff members, silver medals to editor and a gold medal to the outgoing Editor-in-chief, Geoffrey Bourgeois, who so efficiently performed his journalistic duties.

The initiates were later entertained at an informal supper by the Quill and Scroll Chapter and its sponsor.

WILFORD I. EVANS
NATIVE BAY ST. LOUIS,
DIES AT WASHINGTON.

Was Son of Late Tom L. Evans, Local Druggist—Rose to Prominent Heights of Success.

An Associated Press intelligence from Washington, D. C., Tuesday announced the death in that city of Wilford I. Evans, native of Bay St. Louis, son of Tom L. Evans and Mary Ryan Evans, originally of New Orleans, the former well-known druggist in New Orleans, for many years in Bay St. Louis and finally a resident of Log'own, this county.

W. I. Evans was 45 years of age, born October 15, 1893. He was educated in local schools and later studied law. He was admitted to the Mississippi bar at the age of 19. He located in Florida in 1913, first living at Ocala. In 1919 he moved to Miami and rapidly rose in his profession and during his life amassed considerable of this life's goods. He was elected president of the Florida Bar Association in 1926.

The report says it was largely through Evans' efforts, with the cooperation of Gov. Doyle Carlton, that the legislature created the Everglades drainage district commission and the Everglades flood control commission.

Evans also aided in reorganizing the sugar manufacturing company at Galveston.

Surviving are his wife, the former Miss Fommie Standley of Ocala, whom he married June 12, 1917; two sisters, Miss Lelia and Miss Diana Evans, and a younger brother, A. L. Evans, at Gulfport, Miss.

Young Evans was well known in Bay St. Louis during his time. He scored a marked success as an attorney and map of affairs in Miami, Fla., and traveled frequently between New York, Washington and his main office in Florida. In fact it is said he had so much business in New York City that he spent considerable time in that city and at the Nation's capital as well. The Evans were Bay St. Louis' home folks, and to the brother, Alphonse L. Evans and sisters, Misses Lelia and Diana Evans, who now reside at Gulfport, from which point they left for Miami Monday on receipt of the news of the death, to attend the funeral, arrangements for which had not as yet been announced at this writing.

Carole Lombard has turned her back on comedy for the time being and will be cast in "Made For Each Other," a melodrama adapted from Roer's Franklin's "Of Great Riches."

Arnold, father, is connected with the city department of public works. The family, residing corner Washington and Hancock streets, have the sympathy of the community in the shadow of sorrow that has darkened their home.

RADIANT SONJA AND
DON AMECHE IN
"HAPPY LANDING"

Joy-Laden Musical, Darryl F. Zanuck Hit Of Superlative Splendor.

Happy tidings are in the offering for the Sonja Henie fans!

"Happy Landing," a show aglow with joy-laden wonder, winging from gay Norseland festivals to New York winter-time spectacles, comes to the A. & G. Theater Sunday and Monday.

This 20th Century-Fox musical of superlative splendor comes from Hit-Creator Darryl F. Zanuck and stars Sonja Henie with her "One In A Million" sweetheart, Don Ameche.

It tells the story of a song-writing band leader (Cesar Romero) who flies across the Atlantic for a publicity stunt and comes down in a Norwegian fog-bank—almost in the middle of a folk festival known as a "Bride's Fair." The custom which starts the trouble is a rule that if a young man dances twice with the same girl at the party, he has proposed.

The band leader, a little bit amused because one lovelorn little girl is giving him plenty of his favorite food—here worship—dances twice with Sonja Henie. That starts the silvery, sumptuous show on its way.

Don Ameche, the flying baton-wielder's companion, knows there is little or no sincere interest in Romero's attentions, inasmuch as he is very much engaged to an American girl played by Ethel Merman. From this point on a whole new world of happiness opens for film fans.

A Sonja breathlessly in love, breath-taking on the ice, thrills as she never thrilled before.

There are the colorful American winter carnivals, the glittering gaieties of Paris and Miami, the breathless ice ballets of New York roof-gardens—and songs, songs, songs!

The songs by Pokrass and Yellen include "Hot and Happy," "A Gypsy Told Me," "You Are the Music to the Words of My Heart," Walter Bullock and Harold Spina, who wrote most of the hit tunes for "Love and Hises," contributed "You Appeal to Me" to the score of "Hot and Happy."

This astonishing girl, who captured the hearts of outdoors-loving America with her witchery on the ice and who overnight became the

IT'S TRUE!

By Wiley Padan

New York, N. Y.—"IT'S TRUE!" that photographs preserved by Lewis Stone from Spanish-American War days were used as models for the sets in M-G-M's "Yellow Jack," says Wiley Padan. "The veteran actor joined the United States Army at the outset of the war. He was seventeen at the time. When the war ended, Sergeant Stone had a large collection of war pictures. Director George Seitz used the collection as a basis for construction of the Army scenes in this drama of the fight against yellow fever!"

SONJA HENIE IN 2ND TRIUMPH HIT AT GULF THEATER

The Queen of the Silver Skates Treads on Dangerous Territory in Second Successful Film, Sunday and Monday.

At last the perfect pair have met, and at last we have the perfect picture in Sonja Henie's grandest show, "Thin Ice," with the screen's most romantic star, Tyrone Power, ably supported by Arthur Treacher, Raymond Walburn, Joan Davis, Leah Ray and a host of other well-known stars.

It is said that coming events cast their shadows, how true; and now overshadowed are the records of Miss Henie's first film, "One in a Million," which created box office records the country over.

Marvelously directed by Twentieth Century-Fox's leading musical director, Sidney Lanfield, the story of "Thin Ice," is one of beauty, splendidly interwoven with novel skating and ballet numbers. The theme of the film is about a prince who would marry and though circumstances which conspire to make such a marriage diplomatically strategic, does so. Meanwhile the press has misinterpreted their association, government agents have blundered amusingly, a hotel has been saved from ruin, and many other things happened, which add highly to the enjoyment of the entire picture.

Sonja Henie, as a young peasant girl is very lovely in her ideal role, while Tyrone Power is equally as good as he portrays the Prince who tries to escape from world affairs. Arthur Treacher as the Prince's aid, gives an excellent performance with Raymond Walburn topping the program as Miss Henie's father. Once again the story is in a little Swiss Village and the scenery is beautiful. Delightful melodies have been created as if from magic by Mack Gordon and Harry Revel to thrill you throughout the film. Refreshing comedy is furnished by Joan Davis, while entertaining songs come from adorable Leah Ray.

Together for the first time, Sonja Henie and Tyrone Power have swept the country by storm in one of the sweetest stories ever told. "Thin Ice" is only Miss Henie's second film, but already she has won the applause of thousands throughout the world, with her sweet innocent and lovable personality. Darryl Zanuck, in charge of the production, has added a novel bit of attraction with several skiing scenes which is conducted with all the ease and grace of the two stars. "Thin Ice" is really a good show and is coming to the Gulf Theater, Sunday and Monday of this week. Watch for it.

DeLISLE MISS.

The mission given at DeLisle beginning Sunday, May 8, and ending on Sunday, May 15, 1938, was a grand success.

Although the DeLisle congregation has no more than 140 souls, still every night the church was filled with more than 300 people. The decoration of the altars was superb. Even Protestants sent the choicest flowers.

Rev. Father Cornelius, C. P., a Passionate Father is a most brilliant orator, belonging to that class of the type similar to the great Duchaussois who was awarded the \$25,000.00 by the French Government for his admirable book, "Aux Glacées Polaires."

The congregation at DeLisle was elated to have the opportunity to hear such an able man and who with the grace of God conquered their souls to a deeper sanctification and preparation for their eternity. It was truly a demonstration of faith for the glory of God and the salvation of souls. Adveniat ragnum tum.

At Cuevas, Miss., the same devoted missionary gave another mission from May 15 to May 22. It was another success like at DeLisle in regard to the good people of these two missions who did their best for the missionary and corresponded with the grace of God to make these two missions recorded in the historical annals of the locality and which will not be forgotten for many and many years.

Rev. Father Denis did his best to come many nights for the Benediction of the Blessed Sacrament. We had also Rev. Father Hayes of Pass Christian to assist us and other visiting priests, Father McKenna and also we must mention Very Rev. Father Gmelch who came to Cuevas church to give Benediction. All in a resume these two weeks missions at DeLisle and Cuevas were a source of blessing from Almighty God and in both places many tears were shed when that illustrious and mainly missionary deported honor to whom honor is due. Ad Majorem Dei Gloriam.—Rev. R. J. Sorin.

OLD FIRE ENGINES USED IN PICTURE

Some the fire engines, still charred from the original Chicago fire of 1871, take part in the motion picture version of the catastrophe which provides a climatic scene in "In Old Chicago," Darryl F. Zanuck's astounding production showing at the Paramount Theater in Gulfport, Thursday, Friday and Saturday, June 2, 3 and 4. A complete reproduction of the nineteenth century Chicago was built and destroyed by fire to obtain the remarkable reproduction.

While the flames roared skyward on the 110-acre 20th Century-Fox studio lot, modern Los Angeles city, fire apparatus and the studio's own, completely equipped fire ladders "supervised" the blaze to prevent an actual repetition of the old-timer. This was necessary because more than 1,000 persons and hundreds of head of cattle were practically "on their own" among the blazing buildings. The tense, dramatic love story of the mid-West of a bygone era was directed by Henry King, with H. Bruce Humberstone scoring an assist on the fire sequences.

"In Old Chicago" co-stars Tyrone Power, Alice Faye and Don Ameche. It was adapted for the screen by Sonya Levien and Lamar Trotti from an original story by Niven Busch.

Gardens 'Round About.

Driving to New Orleans one may see the lavender water hyacinths in all its glory, in the canal along side the highway between West Pearl and the Rigolets. Here, too, are to be seen the white water lilies, making a solid mass of green and white to catch the eye, as one drives along.

The approach to the city is looking very park like with the masses of black eyed Susans, waving to and fro on either side of the highway. The plantings of oleanders of all colors, bananas trees, broom, canyvas and live oaks, are making this approach more attractive each year. A splendid idea for any city, large or small to follow this roadside planting.

Mrs. George Talbot's garden out on the Spanish Trail, has a long bed of very beautiful Shasta daisies. Her petunias are colorful, also. Some climbing into the small arborvitae on either side of the porch steps.

August and Tony Scadife have beautified the grounds around their filling station on Ulman avenue with bright red coccinib, zinnias and petunias, that are most striking in effect.

The A. G. Shear home on Carroll avenue is one of the places noticed as one drives around town. Beautifully kept grounds, are enhanced, at present, with handsome clumps of hydrangeas, gorgeous with blossoms, planted on either side of the house. Only recently have their Paul Scarlett roses ceased blooming along the white fence.

This seems to be the year for hydrangeas everywhere, one turns, their stunning beauty strikes the eye.

An exceptionally fine blue hydrangea is blooming in the small garden of Mrs. Louise Pettit in McDonald Lane.

All along the side roads leading from the beach in Cedar Point, one finds hydrangeas, heavily laden with blossoms. Bluest of the blue are

R. E. A. Worker is Seriously Injured In Discharge of Work.

Kenneth Wilcoxson, from Pica-yune, Miss., but originally from Indiana, was the victim of a serious accident in the county Monday morning when he fell and received a sustained fracture of right femur. He was taken to the King's Daughters hospital in Bay St. Louis and after receiving the proper attention for the time being was sent to Hotel Dieu, New Orleans, in Fahey Company's ambulance, for further attention and treatment.

Wilcoxson, aged 28 years, is employed by the Delta Construction Company, contractors for Rural Electrification lines in Hancock county and was injured while in the discharge of his work. The accident, it is understood, occurred in the vicinity of the B. & L. Tavern, on the Old Spanish Trail, back of Waveland.

seen here, as well as pink. The orange day lily is most prolific just now, also. Almost every garden claims some of these effective flowers.

Brilliant hued nasturtiums in double rows make a striking approach to Rose Villa the home of Mr. and Mrs. Leo E. Kenney on North Beach. Mr. and Mrs. George Guilbault on South Beach have a double row of these ever popular flowers, too.

JOHN F. FINKE, Vice-President, POITEVENT & FAVRE LUMBER COMPANY.

NOTICE TO LUMBER AND TIMBER DEALERS.

Pursuant to an order of the Board of Supervisors of Carroll County entered at their May meeting 1938, they will at their June meeting 1938 receive bids for the purchase of all pine stumps on all "Lieu" lands belonging to said Carroll County situated in Hancock and Pearl River Counties as shown by the records in said Counties. The Board reserves the right to reject any and all bids.

This May 3, 1938.

H. A. LOTT, Chancery Clerk.

W. P. A. Library Lights.

Three new books now on the library shelf will be much sought after the coming week. They are: "The Yearling" by Rawlings, "Winter in April" by Nathan and "The Handsome Road" by Given Bristow. The last 30 be reviewed at the Episcopal Parish Home on Tuesday the 14, of June by Mrs. Warwick Aiken. This news should interest many of Bay St. Louis. First, because of the book itself and secondly, because of the reviewer.

For children we have "The Little Girl With Seven Names." The library is intending to get more and later books for children. These will be found on the pay shelf. The Library is making an inventory of all books and would appreciate patrons returning all overdue. From now on during the summer months the book reviews will be at 10:30 a. m., which was found to be most convenient at this time of the year.

There will be a review for the colored branch library, Sunday afternoon at 4 p. m. The library is in the colored masonic building on Washington street. Miss Edwards, reviewer.

That the International Convention will be held in Detroit during the summer, and that Mrs. A. Shapard, president of the King's Daughters Hospital Board, Gulfport, is a delegate was announced.

C. G. Moreau, Sea Coast Echo, Bay St. Louis, representing the press, delivered a short talk.

Mrs. A. F. Fournier of Bay St. Louis expressed considerable satisfaction at the success of both the work accomplished by the order and commenting on the group meeting, said it was one of the more successful and easily an index of the headway and accomplishment of King's Daughters objectives.

NOTICE TO SCHOOL ROUTE BIDDERS.

Bidding of School Routes will take place at the Court House, Bay St. Louis, on June 3 and 4th. The contractors are urged to have their school buses at the Court House on above mentioned dates, so the County School Board can inspect their trucks, as to whether they will be accepted as possible trucks for the ensuing term 1938-39.

MR. PETER TUDURY CELEBRATES 50TH BIRTHDAY AT HOME

Surrounded by members of his family, Mr. Peter Tudury celebrated his 50th birthday on Saturday, May 21 and the event was one of more than ordinary interest. Native and residing here all his life, Mr. Tudury is well and widely known and is a very part of the community.

For the past 38 years he has been assistant cashier and book-keeper of the Hancock County Bank, where he is not only highly esteemed but his services valued beyond computation, and his connection with the Bank has helped to bring it the prestige and confidence it enjoys over a wide area of this Southern country.

Mr. Tudury lives with his wife, sons and daughters in Main street, the old homestead, where they have resided for many years, and the place is not only known for the happy home that it is but for the cheerfulness and inviting appearance given by the ever-blooming flower garden that surrounds it.

For the happy occasion Mr. Victor Tudury and family, residing at Slidell, La., came over for the day and joined in the reunion and participated in the happiness of the affair. Other immediate relatives came out from New Orleans Sunday.

Mr. Tudury, when not working, spends his spare time in various recreation. He is an ardent fisherman and has made from time to time some of the best catches made hereabouts. He is fond of the movies and enjoys the sociability of cards, quite an expert at "500," his favorite game. To be with his family and friends is his supreme pleasure. At 80 he is still young, for he is active, alert and holds a position of both trust and responsibility and his employers, the Hancock County Bank, rightfully values his services.

The Sea Coast Echo adds its congratulations and best wishes to the host of others who did not fail to forget the eventful day.

DINNER COMPLEMENTING TWO S. S. C. GRADUATES BY MR. A. P. SMITH, JR.

Alvah P. Smith, Junior, was host to a dinner at the home of his parents, Dr. and Mrs. Smith, South Beach Boulevard, Wednesday evening, in compliment to Robert Louis Grevenberg and Lee Charles Grevenberg, Class '38, St. Stanislaus College.

The color scheme was red and white. Red roses and white candles featured the colors in accentuated effect. The place cards were in form of miniature diploma scrolls, and each carried a clever and original verse.

Mr. Smith's guests included the two honorees, Mr. Ed C. Carriere, Jr., and Misses Betty Gause, Jane Floyd, Barbara Hayward, Mary Beth Barksdale.

This was a lovely and charming event and one of the outstanding affairs given during the graduation season.

MRS. J. BALDWIN ALLEN ENTERTAINS AT COFFEE-BREAKFAST FOR GUEST.

Mrs. J. Baldwin Allen, one of the more popular hostesses, gave a largely-attended "coffee-breakfast" at the family home, (the former Wisner villa) Saturday morning, complimenting her mother-in-law, Mrs. Alle, who has come out from New Orleans to spend a while visiting.

The spacious interior of the well-known premises lent itself to the party admirably and accommodated the many who came during the appointed hours.

Cut flowers in profusion decorated the rooms. A tempting breakfast menu was served. Several guests from New Orleans came out for the occasion.

Mrs. Charles W. Clark, daughter of Dr. and Mrs. Alvah P. Smith, is expected to arrive in Bay St. Louis on Tuesday of next week from her home at Oklahoma City, Okla., and will remain for an indefinite period.

She will visit at the home of her parents, Dr. and Mrs. Smith. The news of her advent will be received with much interest.

Mrs. George R. Rea is entertaining Thursday afternoon of this week at a charming tea at the family residence in Washington street, to which some seventy-five guests are to attend. This lovely affair is in compliment to Miss Louise Carriere, young daughter of Mr. and Mrs. Edouard C. Carriere, who will soon wed Mr. W. A. Reiss, Jr., the latter part of next month.

Miss Carriere will also be feted at a pre-nuptial affair on the afternoon of Saturday of this week when Mrs. Walter J. Gex, Jr., Mrs. Alvah P. Smith and Mrs. J. Baldwin Allen will give jointly a garden party at the Gex premises, South Beach Boulevard, from 4 to 6 o'clock.

Mrs. Chas. G. Moreau will entertain at a supper-bridge on the evening of Tuesday of next week, at the family home in Carroll avenue.

Mr. and Mrs. Edw. Grace of New Orleans, who are spending a while at Grace villa, Waveland, have as their house guest, the latter's mother, Mrs. Wuerple.

CHIEF DEPUTY SHERIFF BACK FROM CONVENTION

F. J. Bopp Attends Tennessee-Mississippi Peace Officers Meet At Knoxville, Tenn.

Chief Deputy Sheriff F. J. Bopp, Hancock county, returned home Monday from Knoxville, Tenn., where he attended the annual convention of the Tennessee-Mississippi Peace Officers Association, of which he is first vice president, Southern District of Mississippi, and continues holding that office until next fall.

Convention was held May 18-19 and proved not only one of interest but of constructive value since the organization is composed of county and city officials, national and government men, railroad detectives and other kindred affiliations.

On the program were men of national prominence who spoke of crime and its prevention, of better and newer methods to effectively operate the police co-ordination of the country; on methods of ferreting criminals, apprehending and to convict the guilty.

Next convention will be held the latter part of this year and will take place at Gulfport, at which time and place Deputy Sheriff Bopp has been selected to deliver a paper on a subject germane to the purpose of fighting and eliminating crime to the lowest possible minimum. He said the convention brought out the fact that juvenile delinquency and crime by youth is somewhat on the increase. Parental failure and environment are in a

measure contributing factors to this cause, it was revealed.

Mr. Bopp traveled by L. & N. R. R., from Bay St. Louis to Atlanta where he changed cars to Knoxville, and returning by rail to Bay St. Louis.
